ENVIRONMENTAL POLICY STATEMENT

Fortress Interlocks Pty Ltd recognises that as a part of the local community it has an impact on the local environment and more widely by bringing in raw materials and energy, distributing our products and discharging emissions and wastes.

This is achieved by working within the framework of Environmental standard ISO14001 that is maintained under 3rd party accreditation.

Therefore, Fortress is committed to continual improvement, resulting in:-

- The minimisation of any disturbance to the local and global environment.
- Minimisation of all forms of waste and a clean and orderly workplace.
- The prevention of pollution.
- Setting, and periodically reviewing, environmental objectives.
- Compliance with all relevant statutory and other requirements, for example:-
- Taking action to conserve resources, especially those which are scarce or non renewable.
- Assessing the environmental effects of any significant new developments in advance.
- Providing information to enable Fortress's products to be properly used, stored and disposed of, so as to avoid unacceptable effects on man or the environment.
- Providing information, including this policy, to employees, affected persons and public to enable the proper operation of processes with minimal effect to the environment.

Fortress's overall objective is to develop our business with full regard to the environment, taking into account the views of all affected parties.
